

*Jolea Jensen*  
Missionary to the Philippines

Dear Friends and Family:

April 18, 2008

Truly our God is wonderful in the way He works in our lives. Today I received the news that Gospel Fellowship Association Missions has accepted me as a career missionary. I am excited about the opportunity of giving my life to serve on the foreign mission field. Teaching for two years at Bob Jones Memorial Bible College in Manila, Philippines, has given me a love for Filipinos and a desire to tell more people about God's love for them.

I would like to thank every one of you who have prayed for traveling mercies for me. The Lord gave me a safe trip down the East Coast from NY to SC on April 14-15. Driving for 12 hrs. at a time is a big challenge when one has not driven for ten months! And especially, driving in the States is a bit different from driving in the Philippines. In the Philippines, there may be lines painted on the roads, but vehicles do not necessarily stay in between the lines. Sometimes they drive on the lines and create a new lane that is not even there.

Thank you also for praying for my interview and meetings with GFA on April 16-18. It was a blessing to be with the office staff and see their heartfelt desire to aid me as I begin deputation and eventually return to the field.

Please pray for the following requests:

1. Safety as I drive long distances alone.
2. New churches to schedule me for meetings.
3. Financial support
4. Opportunities to witness

My deputation schedule is as follows:

April 20--Hurst Baptist Church, Sylvania, GA  
April 30--Fellowship Baptist Church, Taylors, SC  
May 11--Calvary Baptist Church, Albany, NY  
May 14--Grace Bible Church, Cohoes, NY  
May 18--Harvest Fields Baptist Church, South Glens Falls, NY  
May 28--Bethel Baptist Church, Hampton, VA  
June 1--Peace Baptist Church, Wilmington, NC

Thank you so much for your faithful prayers and support. May God bless you as you serve Him.

In the service of the King,

*Jolea Jensen*

*"I will sing unto the Lord as long as I live."*
