Hinei Mah Tov

Good and Joyous

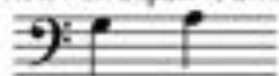

Hebrew Folk Song

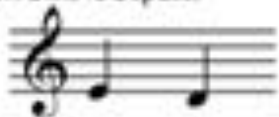

This Jewish song comes from Psalm 133:1, "Behold, how good and how pleasant it is for brethren to dwell together in unity!" It is often sung at Shabbat feasts.

FISHING FOR INTERVALS

Remember that music **STEPS** when the notes move from a space to a line

or from a line to a space.

When music **STEPS**, it's like moving up or down stairs. You start on the **FIRST STEP** and move to the **SECOND STEP**. We call this a **SECOND**. The special musical term for this is Interval of a Second.

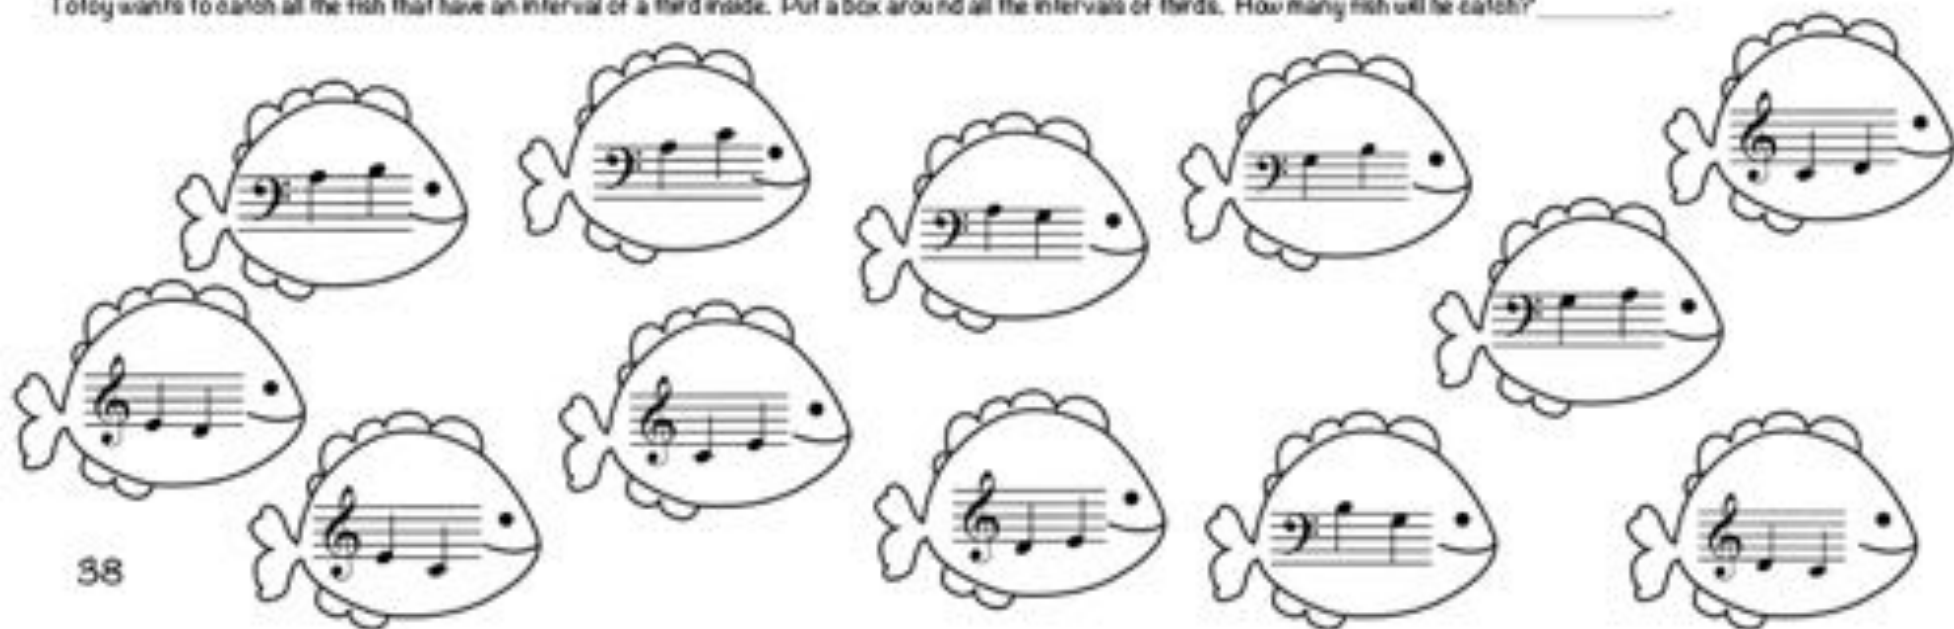

When music **LEAPS** from a space to the next space up or down, or from a line to the next line up or down, it creates an Interval of a Third.

Let's help Neneng and Totoy fish. Neneng wants to catch all the fish that have an interval of a second inside.

Circle all the intervals of seconds. How many fish will she catch?

Totoy wants to catch all the fish that have an interval of a third inside. Put a box around all the intervals of thirds. How many fish will he catch? _____

SAD AND HAPPY

Activity: Copy each note with its flat. Write the name of each note below it. Use Db, Eb, Gb, Ab, and Bb.

Some songs sound happy, like Sampun ng Mga Daliri. They make you excited and joyful to hear them. These songs are in Major Keys. Other songs sound sad. They make you want to cry. These are in Minor Keys.

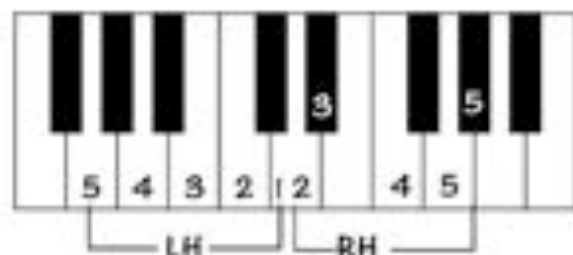

Flats are a half step to the left of a note. Find B, then play the black key to the left of B. This is "B flat" or "Bb." Find E, then play the black key to the left of E. This is "E flat" or "Eb." Find Ab, Gb, Db. See how many D Flats, E Flats, G Flats, A Flats, and B Flats you can find on the piano.

Activity: Play the exercises below. Label each as Major or Minor. Use Major if the song sounds happy. Use Minor if the song sounds sad. What note changes in these songs?

Just like C to E is an interval of a 3rd, so C to Eb is also an interval of a 3rd. Label each of the intervals below. The first one is done for you. Use 2nd, 3rd, 4th, 5th.

Move your RH 4th finger to G.

pu song - you song may bring ha - pis Na - ka - a - a - bu ka
songs you sing bring com - fort To this sad, sad heart of mine.

If your friend is sad, try singing some songs for him or her. Music is powerful and can help encourage someone when they are sad. The Bible records how God used David's music to encourage King Saul. 1 Samuel 16:23 says, "And it came to pass, when the evil spirit from God was upon Saul, that David took an harp, and played with his hand: so Saul was refreshed, and was well, and the evil spirit departed from him."

Itik, Itik

Duck Dance

Traditional Dance from Surigao
English Lyrics by Jolisa Jensen

Look! Low F!

Dancers "waddle" with their feet sticking out the sides like ducks for the Itik, Itik dance.

NAME 'EM TWICE

Let's practice crossing LH 2nd finger over LH thumb.

Exercise: Clap and say, play and say, play and count.

A sharp (#) raises a note by a half step. Label each of the black keys on the keyboard with the correct name. The first one is done for you.

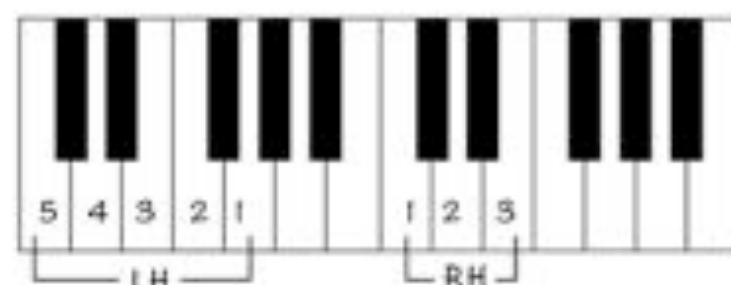

A flat (b) lowers a note by a half step. Label each of the black keys on the keyboard with the correct name. The first one is done for you.

Now look at the two keyboards. What do you notice about the black keys? How many names can each black key have? One or Two? Yes! Each black key has TWO names. How many names do you have? Label each black key on the keyboard below with BOTH the sharp (#) and the flat (b) name. The first one is done for you.

Jesus wants us to play together with our friends nicely. The Bible says in John 13:34-35, "A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples, if ye have love one to another."
