Missionary to the Philippines

Dear Friends and Family:

November 2006

“Be thou exalted, O God, above the heavens: let thy glory be above all the earth,” Psalm 57:11. God has given many blessings this past month. It is always exciting to see how He answers our prayers in His own perfect time and in His own perfect way.

Last Sunday, I was able to go on visitation with Ate Jeannie. We visited Marilyn Dayao (pronounced “Die-YOW”); she is a middle-aged single mom with five kids. As we sat in her living room, I noticed several Catholic idols in one corner of the room. Ate Jeannie shared how Christ died on the cross for her sins, and she prayed to accept the living Christ as her Savior. She eagerly ran to get her Bible and a pen and paper, so she could write down the Scriptures we asked her to read. Please pray that she will attend church along with her five children.

With the Berrey’s returning on November 8th, I needed to find a new place to stay. Ate Jeannie Raymond obtained approval of her landlady to let me move in with her for my remaining months here. Her landlady, Mrs. Fider, asked if I would like to play her baby grand piano. I’m sure that would be a pleasure, and I may get a chance to witness to her through it. Please pray for Mrs. Fider’s salvation.

My new classes are going well. These are a challenge for me, as I do not have much experience lecturing at the high school level. My first experience included entering a high school classroom and seeing all 23 students stand and greet me with, “Good afternoon, Miss Jensen.” Filipinos teach their children to have a high respect for their superiors.

We had a wedding on October 28th. Both the husband and wife have attended BJMBC. It was a blessing to be able to participate in their celebration. We had a small ensemble to provide the wedding music which included piano, violin, recorder, and cello. The young couple plan to serve in a church ministry.

Please pray for the following requests:

- Church attendance: Marilyn Dayao, Angelita Hipolito, Gregorio family
- Physical health: the pollution constantly aggravates my allergies
- Teaching: ability to maintain classroom control; preparation for BJMBC classes
- Spiritual growth.

Thank you for your prayers and support.
